SocialB is a collaboration between 8 partners from the social enterprise, training and Higher Education sectors in 4 countries – Ireland, Greece, Italy and Slovenia. This project is funded by the Erasmus+ Sector Skills alliance programme.

The SocialB Project team will design, develop and pilot an accessible suite of learning resources to support individual learning, organisational learning and network development in the field of social enterprise. Learning resources will be presented in the framework of blended learning materials in 16 – 24 Learning Units, and will be designed to address identified skills gaps and training needs in key areas critical for the development, sustainability and expansion of the Social Enterprise sector.

The project runs from January 2020 until December 2022, and the resulting Learning Units will aim to stimulate significant changes in HEI curricula & VET training programmes by integrating a learner-centred approach oriented to real, problem-based learning and skills acquisition in the field of social entrepreneurship.
